#### ***Objectives:***

- ❑ Provide an opportunity to learn about wetlands and their importance to wildlife and humans.
- ❑ Provide an opportunity to learn the importance of wintering, breeding and stopover habitat to migrating birds.
- ❑ Provide an opportunity for firsthand observation of birds and give participants experience in the field identification of birds.
- ❑ Provide an opportunity for participants to experience the wonder and spectacle of our National Wildlife Refuges.
- ❑ Provide an opportunity for participants to understand their role in the active stewardship of our natural resources.
